RUSSIANS REFORM BEHIND GNILA LIPA RIVER

GALLANT MUSCOVITES PERSIST IN THEIR STRUGGLE FOR GALICIA

FIGHTING CONTINUES BLOODY BUT UNDECIDED ALL ALONG THE WESTERN, ITALIAN AND DARDANELLES FRONTS

(Associated Press)

London, June 29.—The Russian center in Galicia is rapidly reforming behind the river Gnila Lipa, before General Von Linsingen's drive across the Dniester. The Russian retreat has strengthened the Austro-German line and consolidated the Teuton hold on Lemberg.

FRUITLESS FIGHTING ON THE WESTERN FRONT

Fruitless fighting is reported on the western front where there is little vigorous activity except between Arras and the sea, where the bombardment of French positions has been continuous. The expected German troops from the eastern front have not arrived at the western.

The French report progress between Angres and Ablain.

ITALIANS PRESS AUSTRIANS

The Italian advance is slow, but it is believed more Austrian troops from Galicia are necessary, unless Austria is willing to surrender the seaport of Trieste.

WASTING AMMUNITION

Anglo-French troops on the Gallipoli peninsula are bombarding the Turkish right wing without result, according to the Turkish official report.

THWART AUSTRIAN ATTEMPT TO DRIVE THRU

With the line of the Dniester north of Halicz evacuated by the Russians, the main field of contention seems to be north of Lemberg. The Russians admit the continued advance of the Teutons in southern Russian Poland. The Russians report they have prevented a determined Austrian attempt to drive through.

RUSSIANS DRIVEN ACROSS THE RIVER

Berlin, June 29.—An official statement from the German army headquarters today announces that the Austro-Germans are now on Russian territory north of Lemberg. It also states that General Von Linsingen has driven the Russians across the Gnila Lipa river.

PRESSED BACK INTO POLAND

The Germans report today the Russians retreating from Lemberg have been driven as far north as Towasow, in Russian Poland. Military observers believe the Russians will make a stand along the river Bug.

WORKING FOR ALMOST STARVATION WAGES

Are Women of Germany, Says the Socialist Organ

(Associated Press)

Amsterdam, June 24.—A considerable part of Germany's efforts are now being concentrated upon preparations for the campaign next winter. Women in large numbers are being employed in sewing new furs for the army, while those used last winter, which were carefully collected, are being renovated and repaired at the supply depots.

In connection with this work, the Vorwarts complains that "starvation wages" are being paid to many of the employed women. Needlewomen that work from twelve to fourteen hours daily can only earn about thirty cents a day, says the newspaper, owing to the contract system which is employed.

FEAR FOR SAFETY OF FOREIGNERS

For practically six days no definite word has been received here concerning what has happened in Mexico City. The latest news by courier to Vera Cruz described conditions as extremely critical. These advices, when they reached here several days ago, said the Zapatistas had defeated Gonzales' army. It is feared the fighting has been carried into the capital, endangering the lives of foreigners.

SCRAPPING IN THE SUBURBS

Carranza telegraphed his agency here today that further attack on Mexico City was delayed while Gonzales was trying to arrange to avoid a battle within the capital itself. This dispatch said the diplomatic corps was seeking to protect non-combatants of all nationalities in event of fighting within Mexico City. The Zapata forces are reported to have sent the archives to Cuernavaca. It is reported that Gonzales' men are fighting the Zapatistas in the suburbs.

Norfolk, Va., June 29.—Andrew Furuseth, president of the Seaman's Union of America, declared yesterday that German agents are making efforts to tie up American shipping by inducing longshoremen to strike in order that the allies may be stopped from receiving supplies. He states that the members of the union have been offered ten dollars a week as long as the strike lasts. He alleges that a member of the Wilson cabinet is familiar with the scheme.

OCALA SHOULD STEAM UP

To the Citizens and Business Men of Ocala:

Will you not take sufficient time to consider a few thoughts presented?

Look over the great field of opportunity, study those cities, communities and counties that are progressing, moving forward and investigate the dynamic force behind this. There is not a single point that is forging ahead, that you cannot at once trace the activity due to their having an active business organization.

The productivity of Marion county lands is not at issue. The adaptability of our section to almost every condition of advancement is unquestioned. Then why is it, or what is it, that retards our progress? Because our people do not pull together as they should. What we need and must have is a getting together as one mighty force and charge the great field of opportunity, winning our share and part in this great battle of life.

Put your energy, your advice and counsel, your money and your influence behind your Board of Trade, and with every one boosting, backing and working together, your city and county will advance.

There is too much friction, too much knocking for us to grow. Forget the past, look to the future, get the onward, forward spirit. Let our meetings be great gatherings, planning for, working towards and getting results—doing things.

Look at Tampa, St. Petersburg, Miami, Bartow, Lakeland, Orlando—all doing things. Wake up, oh, ye people, and let Ocala get up steam and show all Florida her progressive spirit.

Every citizen who is not a member of the Board of Trade should be. There is a scale of membership that will meet every phase of business. Those paying \$5 per month, \$2 and \$1 per month, with an associate and out of the city membership of \$10 per year, or \$2.50 per quarter.

There is not a business man or a farmer in Marion county that should not be a member. Why? Who is there and what organization have you that is doing more to watch your interests, direct the investor, invite the homeseeker, secure better train schedules, route the "Dixie Highway" through the county? In fact, behind and in touch with every effort and activity that keeps our county and city advertised before the outside world. Ocala has had more and cleaner publicity during the past two years than any era of her history. Then be fair with yourself, your organization, the best interests of your county and city. Join the Board of Trade, attend its meetings and let us start a new tide of prosperity and optimism in our section. We can do it, we must do it. Won't you come and help us?

Signed:

R. F. ROGERS, President.
R. R. CARROLL, Vice President.
J. D. ROONEY, Secretary.

Board of Governors.

WILL BE LIVELY NEXT WEEK

CLEARWATER BALL TEAM WILL VISIT OCALA

FIRE DEPARTMENT AND BAND MONDAY WILL OPEN THE FESTIVITIES

Ocala is looking forward to an unusually lively time next week, beginning with the arrival of the Clearwater team, which is expected on the noon train.

As the fourth will come this year on Sunday, all the patriotic celebrations of the day will be pulled off Monday. Ocala has not been making any special preparations on this line, but even without the advent of the visiting team, the day would not pass unobserved.

FIREMEN WILL HAVE A WATER FIGHT

There has been few entertainments devised that have more fun and harmless amusement than the water fight, and the members of the fire department will give one of these interesting contests in front of the Ocala House at 3 p. m. It will be a battle royal, as anybody who has ever observed one of these water fights knows that it takes considerable pluck to face a stream from a hose.

The contest will be limited to the members of the fire department, who have divided into two teams, each of which is on its merits, and with good reason, for in addition to the glory there is a prize of \$25 in gold for the winning team.

BAND WILL PLAY

The reorganized Metropolitan Band will occupy the bandstand, and as soon as the water fight is over, they will give a concert, after which the crowd will adjourn to the ball park, to witness the opening game between Ocala and Clearwater.

THE GRANDSTAND WILL BE CHRISTENED THURSDAY

Good work is being put in on the grandstand, and it will be ready for the game of Thursday, on which date the Starke boys will contest with the home team.

Ex-Governor Slaton and Wife Left Atlanta Monday Afternoon

(Special to the Star)

Atlanta, June 28, 5 p. m.—Guarded by half a dozen detectives, former Governor Slaton left this afternoon for Virginia, accompanied by his wife. After a brief rest they will go to San Francisco. There was no demonstration. Only the detectives knew their plans to leave.

BIG ADDITION TO A THRIVING BUSINESS

The Marion Furniture Company has just completed an addition to the rear of its store room on West Broadway, made necessary by the constant increase of its business, and even with this annex the entire place is now crowded to capacity with everything in the house furnishing line.

Another building has also been secured by the company for use as a repair shop. The demand has become so great for work in this line that Mr. Fort, the wide awake proprietor, sees the necessity of this department of his business. He says many people have valuable furniture which in time gets more or less scarred and does not present the appearance that it should in the home, and thus it is desirable that it be re-varnished or possibly re-upholstered. Then many have expensive mirrors which have become "specked" in the silvering, and Mr. Fort has secured the services of a man thoroughly familiar with this class of work to re-silver them.

In spite of the occasional complaint of others that business is slow, the Marion Furniture Company has kept steadily on the upbuild through it all, and Mr. Fort reports a very satisfactory increase in his May and June trade over that of last year in the same months.

Read the announcement of the company in today's paper.

Masons meet Thursday evening.

EXCITEMENT IS OVER

Departure of Slaton Evidently Put an End to Atlanta's Disturbance

(Associated Press)

Atlanta, June 29.—With the departure of former Governor Slaton for the Pacific coast last night and the withdrawal of militia from the Slaton estate, the troubles following the commutation of Frank's sentence appear to have passed.

Governor Harris will decide what is to be done with the twenty-six men arrested Saturday near Gov. Slaton's estate. The four men arrested Monday were released this morning.

Before leaving, Slaton asked Governor Harris to be lenient with the men arrested on his estate.
